

# Quebec City May Ringing Weekend 2023 Ringing Goals (May 26-29, 2023)

(To help with making the ringing schedule)

Name: \_\_\_\_\_ Name on Bellboard \_\_\_\_\_ Year started ringing \_\_\_\_\_

Please include both how you like to be called, and the exact name that you use on Bellboard.

Note: If you are not yet on Bellboard, think what exact name you want to use for your records – it is almost impossible to change it once it is on.

The members of the local band will ensure that practices are run smoothly, but we need teachers, conductors, and solid ringers to help those who are learning and improving in their methods. Please send in the form if you are probably coming, even if you are not absolutely sure. It helps to set up a schedule made to measure for the ringers. Answer 'yes' to the highest level that applies to you, or put in comments to clarify.

Note that, **except for indicating that you would be happy to teach a session**, a 'yes' does not indicate a promise to help, or even to go to a session involving something that interests you, if something more interesting comes up.

Please complete and email to [QuebecRingers@POBox.com](mailto:QuebecRingers@POBox.com) by the middle of April or email Andrea Falk [andrea.falk@gmail.com](mailto:andrea.falk@gmail.com)

	I would be happy to teach during a session.	I would be happy to ring, conduct, or stand behind for ringing or conducting, but not teach.	I am comfortable with the methods, and would like help to learn to conduct.	I am pretty comfortable with the methods. I just need more practise in ringing them.	I do not have experience ringing the methods, but would like to try.

## My goals for the weekend

To ring as much as humanly possible.	
To ring a lot of quarter peal attempts.	
To improve in a specific skill or method.	
To help less experienced ringers improve their ringing.	
To enjoy a pleasant mix of ringing, socializing, and going for meals with fellow ringers, with perhaps a quarter attempt.	
Something else?
